4. BE ON FALCON TIME
5. BE A GOOD TEAMMATE

1. HUSTLE - The Fenwick Baseball coaching staff expect all members of the program to provide energy and excitement in all that they do in connection to the program. This is a true indicator of the athlete's pride in himself and the program.
2. COME MENTALLY AND PHYSICALLY PREPARED TO WORK - Each member of the program is expected to approach each practice and game as an opportunity to challenge themselves to be better. Each day is an opportunity to understand and to execute the game at its highest possible level.
3. GIVE YOUR BEST EFFORT - Practicing and playing at the one's maximum effort comes as a result of feeling fully prepared to handle any situation and a disregard for the fear of failure.
4. BE ON FALCON TIME - Every member of the program will be expected to be early for activities, prepared to meet the goals of the program. Fifteen minutes early to an activity is early, ten minutes early is on time, and on time is late.
5. BE A GOOD TEAMMATE - All the members of the Fenwick Baseball Program will be expected to be a good teammate to all other members. This entails doing what you are supposed to do, when you are supposed to do it, and doing it to the best of your abilities... for the team.
