

Overview

Bishop Fenwick's Basketball Program Vision Statement - Transforming Student Lives

At Bishop Fenwick, our basketball program prides itself on transformational coaching. Our staff is complete with highly skilled, educated, and dedicated coaches who truly care about each student. The program takes a holistic approach of coaching athletes which includes academics, athletic progress, and spiritual growth. The mission statement for the 2020-21 season is "committed to excellence"! Excellence is defined as: the distinguishing quality of being outstanding or exceptionally good. Our program encourages students to be their very best on and off the court and as a team we are dedicated to branding ourselves through excellence!

Spiritual Growth Program

The boys' basketball spiritual growth program is a rigorous curriculum that focuses on the development of every individual on the team. The program covers a wide variety of topics that relate to the challenges of daily life. Each course allows students to grow in their individual faith and pray together as a team. The cornerstone of the program focuses on finding God-given purpose that is rooted in understanding and pursuing a lifestyle dedicated to Christ. Student athletes will have a chance to focus on character building outside of the sport and are encouraged to ask questions and gain perspective from peers and coaches. We are committed to serving God before our own ambitions.

1 Corinthians 10:31- "Whatever you do, do it all for the glory of God".
