ELITE ALTIORA SOCCER CAMP

The Elite Altiora Soccer Camp will develop to play at the next level. Our 4-day camp will be instructed by coaches who hold US Soccer licenses most notably Eric Rothwell, who holds an A license, and has coached over 300 soccer players from the youngest ages to the men's amateur level and helped many players play beyond varsity high school. The daily camp schedule will have positional technical training in the morning, which is followed by a lunch lecture. During these lectures, players will learn about the tactics of the games, how to take charge of their development, leadership, and the college process. The afternoon part of the session will host small-sided games, that force the players to use the techniques which were worked on earlier in the day. Some special benefits to this camp are that each player will get an evaluation on the performance over the week and each player will get to experience a soccer-specific strength program at Elder's state-of-the-art athletic center. This camp is open to all players grades 7-12 from any school who are looking for an environment that will push them to be better and the Altiora.
