The positional drills will be targeted to improve all of the necessary volleyball skills for your specific position. Camp will cover the specific skills such as the foot work patterns for each position and the hand placement for setters. The ultimate goal for our positional camp is to develop the necessary skills to succeed as a volleyball player at your specific position. Our aim is to give you the necessary skills to grow as a player at your position. **Sign up for individual skill position camp that you wish to focus on for the up coming season.**
