

GERRY FAUST HALL OF FAME

The Archbishop Moeller High School Alumni Association realized the very special nature of the school's athletes and coaches and moved in 1982 to establish a Hall of Fame to permanently pay tribute to those who have given so much to their alma mater. It was also most appropriate that this would be named after one of the cornerstones of the school and its athletic programs.

Over its first thirty-four (34) years, there have been one hundred twenty-nine (129) athletes, coaches and special contributors honored by their induction into this Hall of Fame. Each year the selection committee reviews the credentials of all nominees. An athlete must be at least five (5) years beyond his year of graduation to be eligible for nomination.

A permanent tribute to each inductee, containing a picture of the honoree, the year of induction and the specifics of his legacy may be found in the Athletic Hallway across from the athletic office.
